

Other Learning Experience 「其他學習經歷」

設計展覽導賞團 Guided Tour to:

「Antoine+Manuel Graphic Village」 & 「Design Ex'09」

About OLE

Other Learning Experience

"Aesthetic Development" is one of the essential components in OLE.

Students can learn the arts and design in a more relaxing way through appreciating, creating, performing and reflecting. It aims to provide all senior secondary students with rich and meaningful arts learning experiences.

What we do?

In accord with the other learning experience, HKDC is now conducting two exhibition visits on **DesignEx 2009** and **Antoine+Manuel Graphic Village Exhibition** in Dec 2009 to Jan 2010. Students can gain valuable information from our guided tour, and a worksheet to show their thought on the art piece after the site visit.

Why we do?

We are willing to enhance student's aesthetic development through the exhibition and the project, and provide a channel for their sharing.

Participants

20-30 senior secondary school students

Language Medium

Cantonese or English

Fee

\$20 per student for two exhibitions

Souvenir- Free!

A set of "Creative Hong Kong - Masterpieces: Sketching Hong Kong" T-shirt and sketch book will be given to each participating student.

Registration

Please complete the attached registration form.
